

## Vice President of Investment

Full Time (In-person/Remote)

### Firm Description

Symbolic Capital is a founder-led investment firm supporting the best web3 projects globally. Built by web3 founders, we are committed to using our background as builders to provide hands-on support to our portfolio companies.

### Role Description

We are looking for an experienced investor to join our firm. In this role you will work directly with our co-founders Kenzi Wang and Sandeep Nailwal to help build investment strategy and processes for Symbolic. This will include driving investment decisions, overseeing sourcing efforts, refining due diligence processes and managing a team of junior investment analysts. The ideal candidate will be dynamic, flexible, and relish the opportunity to help set the direction for our growing firm.

### Requirements

- 8+ years of work experience in tech, banking, finance or consulting
- 2+ years of operational experience in web3 projects or start-ups
- 2+ years of experience in venture investing at an established firm or as an angel
- Technical experience in engineering or data science for web3 or other tech projects
- Track record of driving success as an operator in startup environments
- Ability to manage and build high-achieving teams
- Intellectual curiosity and a 'lifelong learner' approach to growth
- Excellent communication skills - ability to quickly build trust and strong relationships with founders as well as synthesizing complex information to communicate to LPs and other stakeholders

### Application

- If you are interested, please send your resume & cover letter with the subject line of “[VP of Investment] Name” to [talent@symbolicvc.com](mailto:talent@symbolicvc.com)
